

As we reflect on the past 40 years, we are filled with immense pride and gratitude for the impact Combined Community Services (CCS) has made in Kosciusko County. Thanks to the generosity of supporters like you, we have been able to provide food to those in need, equip students with essential school supplies, offer mentoring and training programs that promote self-sufficiency, assist families in keeping their utilities on, and so much more.

However, we are facing new challenges. Rising costs due to inflation have placed a significant strain on the services we provide, while economic uncertainty has led to our neighbors having greater needs. Despite these obstacles, our commitment to the community remains steadfast.

To celebrate our 40 years of service and to ensure we can continue meeting the growing needs of those we serve, we are launching a special campaign: **\$40,000 in 40 Days**. Our goal is to raise **\$40,000 between March 24th and May 2nd** and inspire monthly pledge commitments that will sustain our critical programs for the future.

We need your help. A donation of just **\$40** can make a meaningful impact and help us reach our goal. Enclosed, you will find more information about the vital work CCS does and how your contribution directly benefits our community.

We understand these are challenging times for many, but every gift—no matter the size—makes a difference. Your support will help us continue providing comfort, hope, and resources to our neighbors in need.

Please join us in spreading the word! Visit our website and follow us on social media for regular updates on our campaign progress.

Thank you for your generosity and for standing with us. Together, we can ensure CCS remains a beacon of hope for Kosciusko County.

With deepest gratitude,

Kiira Churchill
Executive Director
Combined Community Services
